# MMJ. THC. CBD. OMG: The Employer's Challenge

**Tuesday, November 2, 2021**

**9 - 11 a.m. FREE Via Zoom**

Businesses are struggling to figure out how to respond to marijuana ... and hemp ... and Delta-8 THC ... and CBD. And it's no wonder, with all the changes happening (quickly) with both the drug and how it's regulated. It's difficult for employers to keep up with what they can or should do, and the issue is compounded with our country's labor shortage.

This presentation will explore answers to three important questions about marijuana, THC, CBD and other related issues:

1. **What's impacting employers' responses to marijuana right now?**
2. **What's on the horizon?**
3. **Especially with pending legislation?**

Also, we will have **Maine Department of Labor info** provided by Amanda O'Leary, Statistical Program Supervisor Maine Bureau of Labor Standards.
